

FINDING BED BUGS EARLY PROTECTS GUESTS

INSPECT DAILY

BED BUGS HITCHHIKE ON TRAVELERS' LUGGAGE OR A PERSON'S CLOTHING. BECAUSE THEY ARE NOT A SANITATION ISSUE AND CAN BE IN ANY HOTEL, INSPECT ROOMS DAILY.

SIGNS OF BED BUGS

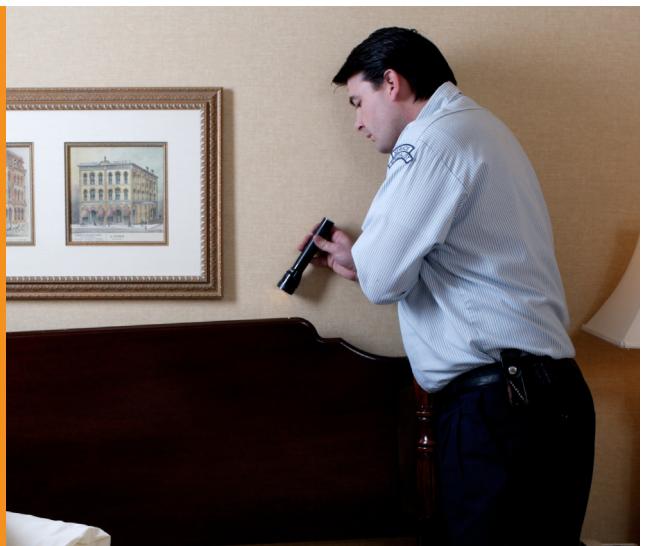

SIGNS OF BED BUGS CAN INCLUDE SMALL BLACK SPOTS (DIGESTED BLOOD) WHICH LOOK SIMILAR TO MOLD.

INSPECT MATTRESS

EXAMINE MATTRESS SEAMS AND EDGES, MATTRESS COVER AND BOX SPRINGS FOR SIGNS OF ADULT BED BUGS, NYMPHS AND EGGS.

INSPECT HEADBOARDS

INSPECT AROUND HEADBOARD, BEHIND PICTURE FRAMES AND OTHER AREAS OF THE ROOM FOR BED BUG ACTIVITY.

LEAVE EVERYTHING IN THE ROOM

IF YOU SUSPECT BED BUG ACTIVITY, LEAVE ANY ITEMS USED TO CLEAN THE ROOM IN PLACE, CLOSE AND LOCK THE ROOM AND CALL YOUR SUPERVISOR IMMEDIATELY.

CONTACT PEST PROVIDER

CONTACT YOUR ECOLAB PEST ELIMINATION SERVICE SPECIALIST FOR TREATMENT OF THE ROOM.
