

# INCREDIBLE SAVINGS WITH OUR WHOLESALE ENERGY GROUP PURCHASING PROGRAM

## 5 REASONS TO TAKE ADVANTAGE:

1. Save 15% - 40% off retail energy prices!
2. With the ORHMA program you get many more options than traditional retail marketers. This allows you to fit your energy purchases to the specifics of your situation, your budget needs and your objectives.
3. The goal of the program is to provide you with cost certainty and group buying power. This program eliminates quarterly fluctuating prices from your local utility and also helps you avoid higher retailer pricing.
4. ECNG Energy has more clients and energy service expertise than anyone in our industry. We're the people whom hundreds of energy users rely on to make the right decisions for their energy portfolio.
5. By combining your energy load with others in the ECNG Energy customer network, your business can reap the benefit of a large buying group- regardless of your energy usage.

## About Us:

Since 1987 ECNG has grown into Canada's largest national full service energy management consulting firm. Managing over a billion dollars worth of natural gas and electricity annually, ECNG services over 10,000 end-use locations in North America.

## Testimonial:

"We've been working with ECNG Energy for more than 15 years. They have provided us with timely data to help us manage our fixed price energy needs."
