

Anti-COVID Transparent PVC Screen

Nerval Brings you a new low-cost easy to hang PVC clear screen to help maintain contact during these times of social distancing.

The screen can be custom made to any size.

Ideal for offices, shops, banks, restaurants and other commercial buildings, Cleargaurd helps protects against sneezes and virus infections such as COVID-19.

Cleargaurd is flame retardant to British standards and is offered as three options: a low-cost suspended blind, as roller blind with height adjusting crank or chain control and a panel for larger areas requiring protection.

- Low-cost protection and reassurance for all staff
- Flame retardant fabric to British standards
- Can be fitted to suspended ceilings
- Easy to clean with sterilizing spray

All fabrics and component are available now – please call us to find out more information about the Cleargaud fabric options and the systems it can be used with. Seize this huge opportunity to help everyone work more efficiently.
