

# **Employee Satisfaction Survey System**

## **Our Promise**

### **To the Employee**

**We ensure your anonymity.**

- **By using a common URL for access and therefore no identifier for you, such as an IP address or password**
- **By doing it online, so there is no identifiable handwriting**
- **By not showing the results where there are less than three in the reports, such as employee status or length of service**

### **To the Employer**

**We ensure your confidentiality.**

- **By ensuring only you and those you give permission have access to your individual information**
- **By ensuring all other information is in aggregate for comparative purposes**
